Well, they shouldn't
Have played that good
I got carried away
And let the music go to my head

Well, she shouldn't
Have worn that dress
The way it curled around
When she was spinning
Just killed me dead

My heart began to tell
My body and my soul
That it had gotten in the mood
To lose control

Oh no, when did neon light
Turn into moon glow
When did that jukebox
Turn to a rainbow

I'm about to give
Into this urge
One more slow dance
With her arms around me

One more long glance
And nothing will slow down me
I got no chance
If I'm not in love I'm on the verge

All I wanted to be was cool
It ain't my style to overheat
Much less burn

But as we floated
Across the floor
All at once I flashed
Right past the point, of no return

And when we said goodnight
The sun was on the rise

And any stars that hadn't set
Had fallen in my eyes

Oh no, when did neon light
Turn into moon glow
When did that jukebox
Turn to a rainbow

I'm about to give
I to this urge
One more slow dance
With her arms around me

One more long glance
And nothing will slow down me
I got no chance
If I'm not in love I'm on the verge

One more slow dance
With her arms around me
One more long glance
And nothing will slow down me
I got no chance
If I'm not in love I'm on the verge
If I'm not in love I'm on the verge
