I've seen that look before  
Here comes that doubt again  
You think that girl we saw  
Was more than just a friend  
Yes there was a time  
I thought she had it all  
She meant the world to me  
Back when the world was small

That was a river  
This is the ocean  
That never carried  
This much emotion  
Nothing compares to  
This deep devotion  
That was a river  
This is the ocean

The love we've had before  
Can never change this one  
We're not imprisoned by  
The past we've brought along  
It's just you and me  
One ship in the night  
There are no boundaries  
There is no wind in sight

Chorus

Nothing compares to  
This deep devotion  
That was a river  
This is the ocean  
That was a river  
This is the ocean
