(jim brickman)

Winter snow is falling down

Children laughing all around

Lights are turning on like a fairy tale come true

Sittin' by the fire we made

You're the answer when I prayed

I would find someone and baby I found you

And all I want is to hold you forever

All I need is you more everyday

You saved my heart from being broken apart

You gave your love away

And I'm thankful everyday

For the gift

Watching as you softly sleep

What I'd give if I could keep

Just this moment if only time stood still

But the colors fade away

And the years will make us gray

But baby in my eyes you'll still be beautiful

And all I want is to hold you forever

All I need is you more everyday

You saved my heart from being broken apart

You gave your love away

And I'm thankful everyday

For the gift

All I want is to hold you forever

All I need is you more everyday

You saved my heart from being broken apart

You gave your love away

Can't find the words to say

And I'm thankful everyday

For the gift
