I promise to wait, my love  
Right here til you return  
With a love that's weak for you  
And a heart that sadly yearns

Yearn because you've left me  
All alone and blue  
And to another  
I know I can't be true

I know that you'll come back home  
But hurry up, don't take so long  
Cause I love you, need you  
Even though you've done me wrong

I promise to wait, my love  
Until you finally find  
The love you're sharing now  
Is not as real as mine

Her love is like a diamond  
Only worth a dime  
But my love for you  
Is strictly genuine

I know that you'll come back home  
But hurry up, don't take so long  
Cause I love you, need you  
Even though you've done me wrong

Ooh, how I miss you  
I long to hear you call my name  
And since you've been gone, baby  
You don't think this ain't  
Been the same, no

I, I promise to wait, my love  
Right here til you return  
With arms that hold you, baby  
And lips that forever burn

I cry for your

Tender everloving kiss  
And your tight embrace  
Is what I really miss

I know that you'll come back home  
But hurry up, don't take so long  
Cause I love you, need you  
Even though you've done me wrong

Gonna stay right here, baby  
Ain't going away  
I'm gonna wait for you, baby  
I, I'm gonna wait for you, baby
