I will internalize everything  
I will hold back the pain  
And I will count the raindrops  
That fall on my head  
From above & below  
And I am wet & weak  
I am wet & weak  
'Cause I have seen the light  
And it's in, it's in your eyes  
I have seen the light  
And it's in, it's in your eyes

I can get used to anything  
As long as it's shit-stained  
And I will bleed on your knees  
And I am comfortable on my knees  
In the corner whispering, whispering, whispering  
Whispering "please"

'Cause I have seen the light  
And it's in, it's in your eyes  
I have seen the light  
And it's in, it's in your eyes

And the moon is lost every night  
When you turn on those eyes  
And the stars go dark too  
When you say those words  
"I love you"

'Cause I have seen the light  
And it's in, it's in your eyes  
I have seen the light  
And it's in, it's in your eyes  
I have seen the light  
And it's in your eyes
