(2003 Tour Version)

I slept through the night, I got through to the dawn  
I flipped a switch & the light went on  
I got out of bed, I put some clothes on  
It was a pretty good day so far

I turned the tap, there was cold, there was hot  
I put on my coat to go to the shop  
I stepped outside & I didn't get shot  
It's a pretty good day so far

I didn't hear sirens or explosions  
No murders coming in from those heavy guns  
No UN tanks, I didn't see one  
It's a pretty good day so far

No snipers in windows, taking a peak  
No people panic, running scared through the streets  
I didn't see any bodies without arms, legs, or feet  
It's a pretty good day so far

There was plasma & bandages & electricity  
Food, wood & water & the air was smoke-free  
No camera crews from my TV  
Pretty good day so far

It was all such a strange sight to behold  
Nobody was frightened, wounded, hungry, or cold  
The children seemed normal, they didn't look old  
Pretty good day so far

I walked through a park & you would not believe it  
There in the park, there were a few trees left  
And on some branches, there were a few leaves  
It's a pretty good day so far

I slept through the night, I got through to the dawn  
I flipped the switch & the light came on  
I wrote down my dream & I made it this song  
It's a pretty good day so far
