Ah, ah

Everybody's telling me to call
That won't do us no good at all
Tried to make the pieces fit
A thousand times before

And I can't take it anymore
So what do I say when they ask if I miss you?
Wanna hide from the truth
But I can't lie

I wanna say yes, better say no
Wanna act fine and keep my cool
But this time I'm fading fast
Wanna be smart and play my cards

Think from my head and not my heart
Oh, but this time I'm fading fast
I don't know how much longer I can last
Away from you, away from you

I ran into you yesterday
We talked a while but nothing changed
It finally ended in a fight
Like a thousand times before

And I can't take it anymore
So what do I say when they ask if I miss you?
Wanna hide from the truth
But I can't lie

I wanna say yes, better say no
Wanna act fine and keep my cool
But this time I'm fading fast
Wanna be smart and play my cards

Think from my head and not my heart
Oh, but this time I'm fading fast
I don't know how much longer I can last
Away from you, away from you

Oh, I wanna be smart and play my cards
Think from my head and not my heart
Oh, but this time I'm fading fast
I don't know how much longer I can last
Away from you, away from you
