Bring me the head of
bring me the head of
bring me the head of
mine
yeah me
for all the mistakes iÂ've made
might be turning into sand
forming a perfect shore
on wich i could stand
for i am on my own
right now
I am on my own right now
I forgive myself somehow

bring me the head of
bring me the head of
mine
yeah me
for all the mistakes iÂ've made
might be turning into sand
forming a perfect shore
on wich i could stand
for i am on my own
right now
I am on my own right now
I forgive myself somehow

tell me everything will be fine
youÂ'll be yours and i will be mine

tell me everything will be fine
youÂ'll be yours and i will be mine
tonite I am waiting
for you
I am waiting
for you
