Some might be sure  
no doubt on what has to be done  
I Â'm not even sure  
where IÂ'm gonna park my car tonite  
they gave me this tie  
so I could hang myself  
they even gave new shoes  
so i could stumble on their rugs

but if I die this very day  
it will be allright  
IÂ've died a few times before  
but she always brought me back in time

cause sheÂ's a rose  
sheÂ's like a rose  
itÂ's a twisting refrain  
I got stuck in my brain  
rose  
sheÂ's like a rose  
itÂ's a twisting refrain  
I got stuck in my brain  
sheÂ's like a rose  
sheÂ's my rose

they gave me a map  
so I could get lost in my room  
they gave me a brand new car  
so I could crash inside

but if I die this very day  
it will be allright  
I know a sage I ainÂ't  
but something is clear deep inside my mind

cause sheÂ's a rose  
sheÂ's like a rose  
itÂ's a twisting refrain  
i got stuck in my brain  
rose  
sheÂ's like a rose  
itÂ's a twisting refrain

i got stuck in my brain  
she's like a rose  
she's my rose

rose  
she's like a rose  
it's a twisting refrain  
i got stuck in my brain

rose  
she's like a rose  
it's a twisting refrain  
i got stuck in my brain

she's like a rose  
it's a twisting refrain  
I got stuck in my brain

she's my rose  
it's a twisting refrain  
I got stuck in my brain  
rose  
she's like a rose  
it's a twisting refrain  
i got stuck in my brain  
stuck in my brain  
Stuck in my brain
