One flake of snow  
Does not mean its winter  
One ray of light  
Does not mean its day  
The tree may fall  
Its silence will linger  
But I may not see  
You walk away  
How far can I run  
How hard can I try  
When all is said and done  
Its so hard to cry

One tear falls down  
Your face in my arms  
I hear the sound  
Of your beating heart  
I'm lost in embrace  
I'm lost in affection  
One feeling ends  
Another will start

How far can I run  
How hard can I try  
When all is said and done  
Its so hard to cry

The law has been laid down  
The rules can't be changed now  
Its all been one season  
With nothing but rain  
There's been no justice  
There's no release  
From this moment  
This moment is pain

One open road  
Does not mean a journey  
When we share the load  
The day seems so light  
The night bird will sing

Its song will not hurt me  
I want you to know  
I love you tonight

But how far can I run  
How hard can I try  
When all is said and done  
Its so hard to cry

One flake of snow  
Does not mean winter  
One ray of light  
Does not mean a day  
The tree may fall  
Its silence will linger  
Now I don't need  
To walk away

Now I don't need-to walk away
