I remember when we used to sit  
And wish our dreams would come true  
I remember when we used to cry  
And I would help ease your pain  
Maybe if I hadn't gone when I did girl  
We would be together and I'd be lovin you  
I've been around the world and now I'm back again  
I've seen so many beautiful things  
Woah I've been around the world and now I'm back  
again  
And I want to share this love I have for you  
I have for you

Dirty scenes in limousines,  
I was messed up and out of my mind  
Wow sinioritta danced with me, cheek to cheek  
It felt so nice.  
I paid the price of losing lovers and friends  
How was I to know that every road  
Leads me back to you in the end

I've been around the world and now I'm back again  
I've seen so many beautiful things  
Woah I've been around the world and now I'm back  
again  
And I want to share this love I have for you  
I have for you

I broke all the rules you know it don't make much sense  
How I came to feel the way I do  
And if I had the chance to do it all again  
Honey I'm sorry, honey I'm sorry

I've been around the world and now I'm back again  
I've seen so many beautiful things  
Woah I've been around the world and now I'm back  
again  
And I want to share this love I have for you

Woah I've been around the world and now I'm back  
again

I've seen so many beautiful things  
Woah I've been around the world and now I'm back  
again  
And I want to share this love I have for you  
I have for you

Woahhhh I've been around  
So many many many beautiful things  
I want to share this love I have for you
