Hey you - where you going to go to
When I'm gone
Are you going to ask me
To carry on
When your not around
Hang on - maybe there's a reason
Not to go - could there be an answer
I don't know

Maybe when we rescue ourselves
We treasure our words much more
More than we imagine we do
When we think it all through
We're sure we know
To close the door
On this moment of true

Hey you - you with all the answers
Why me - what's it got to do with poor me
I can't let us fall

Hang on - maybe there's a reason
Not to go - tell me there is an answer
Love won't go

Maybe when we rescue ourselves
We treasure our worlds much more
More than we imagine we do
When we think it all through
We're sure, we know
To close the door
On this moment of truth

I'm a lonely soul in places
Where onces we were the faces
That filled the evening air
The laughter haunts me there

So many when we rescue ourselves
We treasure our worlds much more
More than we imagine we do

When we think it all through
I'm sure

So maybe when we smother ourselves
We need at the help
And more

More than we can handle
It's our manner of greed
I'm sure, we know
To close the door

On this moment of truth
