Pleasure flies
Life is cool
And I'm no fool
Welcome me to America
I've not been here before
Will you let me use your busy sky
To knock up on your door

In the Grand Canyon
Down to Las Vegas
Downtown Detroit
Where the mood takes us
To gasoline alleys with big tall people
Waiting to shake your hand

Here comes the bus
No need to rush
Tickets for all of us
Permission to see
Up every night
Tight on the side
Let's take a bite
Of the world in me
The world in me

Will you welcome me to Tokyo
I've not been here before
Let me walk into your power booth
And line up for the store
Past virtual mountains
Stationed on the third floor
Walking on fountains
Never knowing what for

Here comes the bus
No need to rush
Tickets for all of us
Permission to see
Up every night
Fright on the side
Let's take a bite

Of the world in me
The world in me

Welcome me to out of space
I've not been here before

Ohhhhh
Ohhhhh

But I am at my happiest
When I am here at home
Home is where the heart is
And it happens to be
Here in my suitcase
From Venus to Rome
The world is our lobster
And our family tree

Here comes the bus
No need to rush
Tickets for all of us
Permission to see
Up every night
Fright on the side
Let's take a bite
Of the world in me
The world in me

Here comes the bus
No need to rush
Tickets for all of us
Permission to see
Up every night
Fright on the side
Let's take a bite
Of the world in me
The world in me(repeat)
