Now that the winter's gone by,  
Pretty girls catch my eye.  
Springtime makes me want  
to cheat on my wife.  
Halter tops,  
Breezy skirts,  
April showers  
felt a squirt.  
Springtime makes me want  
to cheat on my wife.  
Martha Stewart spring has sprung.  
So were you.  
Is there room in that ankle bracelet  
for two?  
Kirstie Alley not so thin  
What say we order in.  
Tell my spouse it's no treason  
It's the fault of the season.  
Springtime makes me want  
to cheat on my wife.  
Paris Hilton press record  
dim the lights (that's hot)  
Let us make it a blockbuster night.  
So Demi Moore, let's engage  
I can play half my age.  
When the equinox is vernal  
my libido's infernal.  
I'm a desperate House Husband  
in crisis midlife.  
Springtime makes me want  
to cheat on my wife.
