Don't say u love me  
Don't say u love me  
Don't say u love me

If ever there was a boy of contradiction  
Then, baby, that boy is u  
1 minute, u are a stranger  
The next u're my guru  
How I miss those moments  
When I'd crawl into your arms  
We were perfect lovers then  
What happened 2 your charm?

(Pre-Chorus)  
Don't say that u love me, baby  
'Cause I don't wanna know  
Our love is like a rollercoaster  
Up and down we go

(Chorus)  
Don't say u love me  
I'm sick of this push and pull  
U can't even love yourself  
So 2 love me, u're incapable  
Don't say u love me  
I am not a fool  
Say anything  
Just please don't say u love me

No, no, no, oh-hoo

I've been so naive and blind  
2 think u'd do no wrong  
Yes, I'm still a dreamer  
But the little boy is gone  
U used 2 hug me, kiss me, touch me, lick me  
Fill me with your charm  
Then my credit card was in your hand

And u say "Don't be alarmed"? (Whoa!)

(Repeat Pre-Chorus)

(Repeat Chorus)

Locked in your prison  
I forgot about me  
But now I'm here, my dear  
To tell you that I'm free  
This little story  
Is not 4 your glory  
It's time 2 pack your bags  
And don't forget 2 leave the key

(Synth Solo)

Don't say u love me  
Say anything  
Just please don't say u love me

If ever there was a boy of contradiction  
Then, baby, that boy is u  
1 minute u are a stranger  
The next u're my guru  
U used 2 hug me, kiss me, touch me, lick me  
Fill me with all your charms  
That was then, this is now

(Repeat Pre-Chorus)

(Repeat Chorus with Ad-Libs)

No, I don't wanna hear it, just go!
