I see you looking at me
And I wanna let you know
If you come my way
You won't let me go

I know you want me,
I want you too
Don't waste my time,
I got things to do

Like a hurricane
Nothing can stop me
Till I get my way
I know what I need

They say I'm bad, that
I'm bad for you, say
She's not the one, but
I say "F*ck you", so

Give me, give me your love
Give me, give me your love
Oh oh, oh baby
I'm the one who'll make you go crazy
So come on and take it, let's go all the way
Can you go a-a-away, be-be my baby

I wanna rock your world
So give me your hand boy
I'll be your favorite girl
You'll be my fantasy boy

You know I want ya,
You want me too
Won't waste your time
Got nothing to lose

Gonna take the lead
Don't worry about it
I got what you need
So come look at it

They say I'm bad, that
I'm bad for you, say
She's not the one, but
I say "F*ck you", so

Give me, give me your love
Give me, give me your love
Oh oh, oh baby
I'm the one who'll make you go crazy
So come on and take it, let's go all the way
Can you go a-a-away, be-be my baby

Eh yea, make me go crazy
Eh yea, just be my baby
Eh yea, make me go crazy
Eh yea, just be my baby

Oh oh, oh baby
I'm the one who'll make you go crazy
So come on and take it, let's go all the way
Can you go a-a-away, be-be my baby
