Bows and flows of angel hair and ice cream castles in
the air

And feather canyons everywhere, Iâve looked at
clouds that way

But now they only block the sun, they rain and snow on
everyone

So many things I would have done, but clouds got in
my way

Iâve looked at clouds from both sides now

From up and down and still somehow

Itâs cloudâs illusions I recall

I really donât know clouds...at all

Moons and Junes and ferris wheels the dizzy dancing
way you feel

When every fairy tale comes real, Iâve looked at love
that way

But now itâs just another show, you leave âem
laughinâ when you go

And if you care donât let them know, donât give
yourself away

Iâve looked at love from both sides now

From win and lose and still somehow

Itâs loveâs illusions I recall

I really donât know love...at all

Tears and fears and feelinâ proud, to say âI love

youâ right out loud

Schemes and dreams and circus crowds, Iâve looked
at life that way But now

old friends are acting strange They shake their heads,
they say Iâve

changed Well, somethingâs lost but somethingâs
gained in livinâ every day

Iâve looked at life from both sides now

From give and take and still somehow

Itâs lifeâs illusions I recall

I really donât know life...at all
