Just the other day you called me  
I was up and gone with a new lady  
Martin Coudn't express what I have done no  
I was the prisoner of her love well  
Jondo  
this is how love comes and then passed by  
before you turned around I saw the teardrop in your  
eyes  
Just but the memories written in your heart and my soul  
easily she dropped them out of my world  
The  
so I was flying way with the one who robbed me from  
you  
Other standing on a beach ten million miles out of this  
space lord  
Day she brought me behind the stars and jah sun  
showed me how two crystals melt and become one so
