We will always remember this day
When we both said I do
Committing ourselves as one
That's what God wanted us to do
Loving one another
Being there for me
Sharing special moments
In love forever we will be
(Forever will be)
I'll always keep you in my heart
Well I pray that things will go our way
Forgetting those things which are behind
Well I promise to make your day bright
Loving one another
Being there for me
Sharing special moments
In love forever we will be
(Forever will be)
And all these things
I'll treasure forever
Keeping them close to my heart
Believe in me
In love forever we will be
(Forever will be)
You're so beautiful...
And all these things
I'll treasure forever
Keeping them close to my heart
Believe in me
In love forever we will be
In love forever we will be
In love forever we will be
Promise to stay with you
In love forever we will be
(Forever will be)
Forever we will be
(Forever will be)
Forever we will be
(Forever will be)
With this ring I thee wed
I give you my mind
My heart, my body

My soul...(my soul)
