Met her on a stormy Monday  
Call up in the mess within myself  
She was on the road to nowhere  
And I was on the road to nowhere myself

How was I to know  
All that would cross  
How do I deserve  
All the love that she gives yeah

[Chorus]

Where have you been  
Where was I going  
Angel Of Berlin, Angel Of Berlin  
You've been so close but I didn't see you  
Angel Of Berlin, Angel Of Berlin

How many lonely ways I wandered  
How many lonely days I must have missed  
I wouldn't wanna miss another  
To let me be a better man this time

She makes me sing  
She sets me free  
And after all  
I've got someone to be

[Chorus]

Tonight's the night  
I've never been so alive  
This couldn't be a better day  
She calls me up  
And calms me down  
And round and round it goes oh yeah  
Oh yeah

[Chorus]

Searching for nothing I finally found you  
Angel of Berlin, Angel of Berlin  
I Still can't believe how I could ever breath without you  
Angel Of Berlin
