So tired so soon
What happened to you
What happened to you
You got lost
Somewhere between
There and here
Somewhere between
So far so near
You got lost
Somewhere between
What happened to you

Someone has been removed
What happened to her
What happened to her
She got lost
Somewhere between
There and here
Somewhere between
So far so near

She got lost
Somewhere between
What happened to her

You used to be so young
Used to be so young
It was going to take so long
It had almost gone

What is his name
What is his name
What is his name
