Call yourself friend, and look me in the eye
I'll unstrap my knees an apologise
'Cos I'm, Left Hand Luke and the begger boys
Oh yes we are

Ain't no neighbours, upon our hill
Such slight thigh Be-bop and old Gumbo Jill
But we're, Left Hand Luke and the begger boys
Oh yes we are

Ain't nobody's some one
And it hurts deep inside
Just call us taxi mama and we'll take you for a ride
'Cos we're, Left Hand Luke and the begger boys
Oh yes we are

Left hand luke and the begger boys
Oh yes we are

Myxomatosis is an animal's disease
But I got so shook up mama that it ate away my knees
'Cos I'm Left Hand Luke and the begger boys
Oh yes we are

Ain't had no money, Lord, but it's plain to see
If you had some silver, mister, how much would you
pay for me?
'Cos I'm, Left Hand Luke and the begger boys
Oh yes we are

Call yourself friend, and look me in the eye
I'll unstrap my knees an apologise
'Cos I'm, Left Hand Luke and the begger boys
Oh yes we are

No one's gonna fool me baby

Left hand luke and the begger boys
Oh yes we are
