Well, the day begins  
You don't want to live  
'Cause you can't believe  
In the one you're with

'Cause you know her tricks  
And you know her past  
When she makes a face  
You just have to laugh

And you feel like such a know-it-all  
When you only want just a tiny girl  
And you hope she'll sing

So you turn around  
Toward the tiny girls  
Who have got no tricks  
Who have got no past

Yeah, that's what you think  
And you hope she'll sing

But she sings of greed  
Like a young banshee  
And she wants for this  
And she wants for that  
Oh, what did you think?
