Iâ€™m getting off my bed, early in the morning where
the sun refuses to shine.
And now I dream myself to all the hidden places in the
world
And time passes by.
And so I find some time to think of ups and downs of
my life
And the moment where I cried.
I can remember our first letters we where children
having a date.
Iâ€™m sorry for what I did.

You know that I still love you
And I know you love me, too
Let the good and bad times come
Iâ€™ll always guide you to the sun
Together we can laugh or cry
From now on until we die
Iâ€™ll be the father of your child
And take care at any time

I never wanna let you go
Iâ€™ve kissed your lips and it was magical
Itâ€™s true, Iâ€™ve lost myself in you!

And I remember one more time
We were together for one night
In a room full of classmates.
I wanna forget the next day
But I forgive you â€™cause I say
To myself that it was fate.

But I want to remember when we ley there
Under your blanket all night long.
We held each other
Until the the dawn
Where we were scared if it was wrong.

And I was sad
When you called me back
And I said that itâ€™s alright
I couldnâ€™t sleep that night.

I lost my dream of you
'Cause I thought you'd love me too
Now I think that I was right
But it wasn't the right time.
