From the moment I met you
On the day we said hello
I knew what you'd do to me

Now my life has a meaning
Now the story can be told
That one day, you'd say to me

There's a time for the laughter
A time for the tears
Time for forever you and me
I can see the horizon
The sunshine on me
There's a hope in tomorrow
Come with me

REFRAIN:
How can I live if I'm without you
I can't go on if you're not
Here with me
I spend a lifetime dreaming
Of life with you
No other love can make
This dream come true

How can I live
If I'm without you
I can't go on if you're
Not here with me
I wanna spend my lifetime
In love with you
So Darling please,
Darling please
Stay with me

I spend a lifetime
Dreaming of life with you
No other love can make
This dream come true

How can I live if I'm without you
I can't go on if you're not

Here with me
I wanna spend my lifetime
In love with you
So darling please,
Darling please
Stay with me
