You're the star that shines in me
And that's the way you'll always be
And now it's time for you to see
Just how much you mean to me

At the end of the rainbow
Is a place I know
We'll be there forever so baby let's go

I look in your eyes and much to my surprise
I feel what you're feelin'
And now I realize

Oh, you you are to me
Everything there is to be
And I want you to know
That you you are to me
More than words can ever say
Oh you
You're the star that shines in me

You're the star that shines in me
And I can't help but let you see
The love I have deep down inside
It's hard for me to show it
But even harder to hide

At the end of the rainbow
Is a place I know
We'll be there forever so baby let's go

I look in your eyes and much to my surprise
I feel what you're feelin'
And now I realize

Oh, you you are to me
Everything there is to be
And I want you to know
That you you are to me
More than words can ever say
Oh you

You're the star that shines in me

Leaving yesterday behind
Today's another day
It's time for you to fly

Woh you you are to me
Everything there is to be
And I want you to know
That you you are to me
More than words can ever say
Oh you
You're the star that shines in me

You, you are to me
Everything there is to be
And I want you to know
That you you are to me
More than words can ever say
Oh you
You're the star that shines in me
