Fill my cup, so it's overflowing  
Flowing like a river, fill my cup  
Fill my cup, fill it with Your mercy  
Love and truth and justice, fill my cup

Oh Lord, the river's running high  
So take me to the other side  
Oh Lord, the tides are really high  
So take me to the other side, oh fill my cup

Fill my cup, so it's overflowing  
Flowing like a river, fill my cup  
Take this cup, have it with Your glass  
And pour it over nations, take this cup

Oh Lord, the river's running high  
So take me to the other side  
Oh Lord, the floods are really high  
So take me to the other side, oh

Give us a living water overflowing through me  
From the throne of God, overflowing through me  
Give us a living water overflowing through me  
From the throne of God, overflowing through me

Give us a living water overflowing through me  
From the throne of God, overflowing through me  
Ooh, overflowing through me, let it flow

Come on, come on, come on  
Take us to the other side  
Take us to the other side  
Take us to the other side  
Take us to the other side

Take us to the other side, oh  
Take us to the other side  
Take us to the other side, oh  
Take us to the other side

Take us to the other side, oh  
Take us to the other side

Take us to the other side, oh  
Take us to the other side
