The sky is moving all around
My love is gone and she can't be found
Lonely days and lonely nights
Spring was here but she passed me by
I'm getting older without you
So now I'm calling out for you

You don't have to say that you love me
You don't have to say that you care
But everything around me is getting colder
Oh how I wish that you were here
'Cause tonight I'm frozen in my heart

Heavy clouds are closing in
Her name belongs to the moon and the wind
Lonely days and lonely nights
Summer came with a different light
I'm getting older without you
So now I'm calling out for you

You don't have to say that you love me
You don't have to say that you care
But everything around me is getting colder
Oh how I wish that you were here
'Cause tonight I'm frozen in my heart

The years go by
Oh God how I try
I live my life
But the look of her eyes
Cuts me like a knife

You don't have to say that you love me
You don't have to say that you care
But everything around me is getting colder
Oh how I wish that you were here
'Cause tonight I'm frozen in my heart

You don't have to say that you love me
You don't have to say that you care
But everything around me is getting colder

Oh how I wish that you were here
'Cause tonight I'm frozen in my heart
