I'm just trying to get away
This is what my sister said
I can't just leave it to fate
Don't get any closer, babe

There is nothing about us
I'm not adventurous
Should I go or should I stay
I'd rather get away

Got a plane to board the flight
I'll take you to the barrier if that's alright
Take a few steps and check the move
And I'd rather get away from you, from you

I'd rather get away from you, from you
I just want to get away from you

I'm just trying to get away
Well, this is what my shrink said

Let's have a chat and swim in booze
So that everyone acts and no one moves

I feel something about us
And you're not that generous
But I look like yesterday
I'd rather get away

Are you callin' there, chap it with ice
We call this a business, that sounds right
I'm not that stubborn, babe
I'd rather get away from you, from you

I'd rather get away from you, from you
I'd rather get away from you, from you, from you
I'd rather get away from you, from you, from you
I'd rather get away from you
