One two three four one two three four.

It's another world since I saw you girl, trying to get you.
It's another place since I saw your face, really
something new.

One green light, I'm prepared to fight, ain't it what we
do?

For another world, this crazy girl, who wants to play
too?

Come on girl, come and get me, set yourself free.
Come and play with me, come on girl.
Come and get me, what d'you play for? Come on girl,
one 2 3 four.

I'm in another world since I saw you girl, now what's in
you?

Things I wanna show, sure I could go pretty far with
you.

Do you know the game, wanna get fame? I can show
you.

You wanna be acclaimed, I can add your name so you
can play too.

Come on girl, come and get me, set yourself free.
Come and play with me, come on girl.
Come and get me, what d'you play for? Come on girl,
one 2 3 four.

Come and get me, set yourself free.
Come and play with me, come on girl.
Come and get me, what d'you play for? Come on girl,
one 2 3 four.

Come on girl, come on girl.
