Everybody's searching
For something to say
A word of wisdom, at the end fo the day
Everybidy's falling
It's easy to see
Someone said fair warning
But I don't want to leave, no no
If we just could believe

Stop that train, 'cause we can walk Stop that movie, 'cause we know how to talk Stop that noice inside my head Stop that feeling from playing dead Stop that rain, 'cause it will never stop Stop that rain

Everybody's waiting for someone elses call What's wrong with my picture How could it fade on the wall, tell me When I feel nothing at all

Stop that train, 'cause we can walk Stop that movie, 'cause we know how to talk Stop that noice inside my head Stop that feeling from playing dead

Stop that train, 'cause we can walk Stop that movie, 'cause we know how to talk Stop that rain, 'cause it will never stop

Where did she go, that lady What did she find So many questions Maybe it will blow your mind

Stop that train, 'cause we can walk
Stop that movie, 'cause we know how to talk
Stop that noice inside my head
Stop that feeling from playing dead
Stop that rain, 'cause it will never stop
Stop that rain
