You told me life's more beautiful
Than any dream we had, but now you don't
Anymore
And all the times you made me see
The good things in the bad, but now you won't
Anymore

With broken wings we learned to fly
We pull ourselves out of the tide
Someday, somehow

When I run I run to you
And when I fall you'll be there to
They say there's a day so beautiful
And that I'll dive the deepest blue
That's when I cry, I cry for you
'Cause I know - now there is no one here like you

I know I'll stay awake tonight
'Cause I can't close my eyes, no I won't
Not this time
And there's no way for me to hide
It's time to make you proud, but I won't
Not tonight

'Cause what I want is so much more
Something that's worth fighting for
When I'm here without you

When I run, I run to you
And when I fall you'll be there to
They say there's a day so beautiful
And when I hide, you shelter to
That's why I cry, I cry for you
'Cause I know, now there's is no one here like you

Wish you'd hear me when I'm saying
That I wouldn't change a thing
All the tears that I've been crying
Helps me through - when there is no one here like you

You told me life's more beautiful

Than any dreams we have, but now you don't...
