she walks to school with a lunch she packed  
nobody knows what she's holding back  
wearing the same dress she wore yesterday  
she hides the bruises with the linen and lace

the teacher wonders but she doesn't ask  
it's hard to see the pain behind the mask  
bearing the burden of a secret storm  
sometimes she wishes she was never born

CHORUS: through the wind  
and the rain  
she stands hard as a stone  
in a world that she can't rise above  
but her dreams  
give her wings  
and she flies to a place where she's loved  
concrete angel

somebody cries in the moon of the night  
the neighbors hear but they turn out the light  
a fragile soul caught in the hands of fate  
when morning comes it'll be too late

REPEAT CHORUS

a statue stands in a shaded place  
an angel girl with a nocturn face  
a name is written on a polished rock  
a broken heart that the world forgot

REPEAT CHORUS
