This ain't the first time you've fallen in love  
With your heart wide open  
Feeling just like a fool knowing that  
You're the only one left holding on

He broke your heart  
You can't cry hard enough  
But you're not the only one

Everybody loves someone  
Everybody hurts sometimes  
Everybody says they'll never fall again  
But everybody does, yeah, everybody does

How many times have you said he's the one  
And found out that he wasn't  
Always thinking it's gonna hurt forever  
But then one day it doesn't anymore

You've come so far  
Still a long way to go  
Just remember you're never alone

Everybody loves someone  
Everybody hurts sometimes  
Everybody says they'll never fall again  
But everybody does

Everybody jumps in  
Never really knowin'  
Where it's really goin'  
You just have to trust in your heart, oh, yeah

Everybody loves someone  
Everybody hurts sometimes  
Everybody says they'll never fall again

But everybody loves someone  
Everybody hurts sometimes  
Everybody says they'll never fall again  
But everybody does, yeah, everybody does

You're not the only one, baby  
Everybody loves, everybody does  
Everybody loves someone  
Yeah, yeah
