Occurred to me the other day  
You been gone now a couple years  
Well I guess it takes a while  
For someone to really disappear  
And I remember where I was  
When the word came about you  
It was a day much like today  
The sky was bright and wide and blue

And I wonder where you are  
And if the pains ends when you die  
And I wonder if there was  
Some better way to say goodbye

Today my heart is big and sore  
It's tryin' to push right through my skin  
Won't see you anymore  
I guess that's finally sinkin' in  
'Cause you can't make somebody see  
With the simple words you say  
All their beauty from within  
Sometimes they just look away

And I wonder where you are  
And if the pains ends when you die  
And I wonder if there was  
Some better way to say goodbye  
Some better way to say goodbye
