Yeah

The sun is shining everyday
The clouds never get in the way for you and me
I've known you just a week or two
But baby I'm so into you I can hardly breathe

And I'm in
So totally wrapped up
Emotionally attracted
So physically active
So recklessly I need you
So desperately sure as the sky is blue
Baby I love you
I love you

I never knew that I could feel like this
Can hardly wait till our next kiss
You're so cool
If I'm dreaming please don't wake me up
'cause baby I can't get enough of what you do

And I'm in
So electrically charged up
Kinetically active
Erratically need you
Fanatically you get to me
Magically sure as the sky is blue
Baby I love you

I can't believe
That this is real
The way I feel
Baby I've gone head over heels

And I'm in
So totally wrapped up
Emotionally attracted
So physically active
So recklessly I need you
So desperately sure as the sky is blue
Yeah

And I'm in
So electrically charged up
Kinetically active
Erratically need you
Fanatically you get to me
Magically sure as the sky is blue
Baby I love you
Baby I love you
Do you love me too?
Baby I love you
