Don't tell me no stories I don't wanna hear no lies
No reasons, or excuses, none of you alibis
The phone rings I pick it up nobody's on the line
I know she's waiting for you she's just biding her time
You'd have me believe it's just a night out with your
friends
But I know you're going back to see her again

You're stealing love
Living on life #9
Breaking my heart
Living on borrowed time
You're cATTin' around
Playing with fire
You're stealing love
Living on life #9

Your runnin' on empty troubles on every side
You've used up your last chance
You've got no place to hide
I'm tired of these heartaches tired of livin' a lie
Go to her she's waitin'
But someday you're gonna find
The grass ain't always greener on the other side
Now what you thought was love was what you left
behind

You're stealing love
Living on life #9
Breaking my heart
Living on borrowed time
You're cATTin' around
Playing with fire
You're stealing love
Living on life #9

You're stealing love
Living on life #9
Breaking my heart
Living on borrowed time
You're cATTin' around
Playing with fire

You're stealing love
Living on life #9
