One more Hotel room
One more night away from you
One more phone call, to say i'll be home soon
Im just so tired,of all the distance in between
All i really need is you with me
I miss you voice, I miss you smile, I wish I could give
you a kiss from a thousand miles
sleep well my love, tonight when you close your eyes,
your my long distance lullaby
la la la la, la la
la la, la la la la,
la la la la
la la la la, la la
la la, la la la la,
la la
I know its hard when im so far away, and these words
can only go so far to say
I miss your voice, i miss your smile, I wish I could give
you a kiss from a thousand miles,
sleep well my love, tonight when you close your eyes,
your my long distance lullaby
la la la la, la la
(just close your eyes)
la la, la la la la,
(Im coming home)
la la la la
(youll hear me singing)
la la la la, la la
(I know its hard, Im coming home)
la la, la la la la
la la
