I'm still waiting

Tell me you love me and make me feel it
Convince me that your heart is true
Don't say you need me if you really don't mean it
'Cause boy, I ain't nobody's fool, yeah

Baby, I'm trying to find a place inside your heart
Oh, but it's hard to start a fire without a spark
If you wanna be the man that rocks me to my knees
Baby, just make me believe

'Cause I'm still waiting

Every night I bring you all my broken pieces
But you just put them on your shelf
Tell me, why you put this wall between us
And keep your reasons to yourself, ah

Baby, I'm trying to find a place inside your heart
Oh, but it's hard to start a fire without a spark
If you wanna be the man that rocks me to my knees
Baby, just make me believe

You say you feel the same
But my hearts full of doubt
You say you'll find the time
So we can work it out

But I'm still waiting

Baby, I'm trying to find a place inside your heart
Oh, but it's hard to start a fire without a spark
If you wanna be the man that rocks me to my knees
Baby, just make me believe

Oh baby, I'm trying to find a place inside your heart
Oh, but it's hard to start a fire without a spark
If you wanna be the man that rocks me to my knees
Baby, just make me believe

Baby, just make me believe

Oh baby, just make me believe

I'm still waiting, still waiting
