Hold me like a wild flower
Fall around me like a sun shower
Kiss me like you're on fire
And tell me what's underneath

Show me
I want you to show me
What love is

Run with me like a hell bent Gypsy
Scream for me from the highest balcony
Carve my name on an old red door in Spain
Make me immortal, make me immortal in your heart

Show me
I want you to show me
What love is
What love is

Baby, get my attention
Touch me deep inside
Show me what I've been missing
Missing all my life
Give me my finest hour
Give me my ray of light
Give me something that can't be denied

Like a thousand red balloons
In a sapphire sky
A roman candle burning
Burning through the night

Like the pyramids in Egypt
The diamonds in your eyes
Show me
Show me what love is

Like the Eiffel tower shining
With a million lights
Snowflakes falling like confetti
On a New York City night

And to hold on to forever
Newborn babies cry
(Show me, show me)
I want you to show me
What love is

Show me
Show me what love is
Like a wild flower
(Like a wild flower)
