Baby why did we get into this  
If all we're gonna do is fight  
About kids and money and stupid little things  
Someone's always is gotta be right  
I was just thinking why you were still yelling  
That I don't even hear you anymore  
And baby it's not all your fault  
But I'm tired of being a soldier  
And this time when I ball a war

So I'm gonna surrender  
Surrender

So how rule out my white flag  
If you lay down your arms  
And if we can start talking in instead of just screaming  
And maybe we can save all of our hearts  
'Cause nobody is coming to the rescue  
Baby it's so much of you and me  
To find a little compromise,  
Find a love... runs  
And live our lives in peace

We're gonna have to surrender  
I won't fight anymore  
Surrender  
I don't know what we're fighting for

Surrender  
I won't fight anymore  
Surrender  
I don't know what we're fighting for

I walk through this battle lies  
I will cross this great divide  
I will, I will, I will, I will  
Hey down my...

Surrender  
Baby you know I will  
Surrender

Surrender  
I won't fight anymore  
Surrender  
I don't know what we're fighting for  
Surrender  
I won't fight anymore  
Surrender  
I don't know what we're fighting for
