I'll need time, to get you off my mind.  
And i may sometimes bother you, try to be in touch with  
you, even ask to much of you from time to time.  
Now and then, lord you know i'll need a friend, till i get  
use to losing you, let me keep on using you. til i can  
make it on my own.

Ill get by, but no matter how i try, there be times you  
know i call, chances are my tears will fall. and ill have  
no pride at all from time to time.

but they say, oh there will be a brighter day, but till then  
ill lean on you, thats all i need to do, till i can make it on  
my own.

surly someday ill look up and see the morning sun,  
without another lonely night behind me. but no on  
knows im over you, and all my cryings down, no more  
hurting memories can find me.

but till then, lord you know im gonna need a friend, till i  
get use to losing you, let me keep on using you, till i  
can make it on my own.

..till i can make it on my own.
