Tell you baby
I've been waiting
For so long
I want it over
It's pleasant waiting
It's pleasant hating
Placenta fed
Get out of my head
Life's a laugh
When you complain about
The way that I give
All I have to give
You say you want more:
You can't sustain without
You wanna live
But you don't know how

Overthinking,
Smoking and drinking
You're in my head
It's time for bed
One word I kno' tho
I can't be havin'
When you say
Goin' away

Cut you in half
See how you feel without
I want you to live
But you don't know how
Am I gone?
I want to be reborn
Thought I was in love
Tell me was I wrong

You know we were wrong together

Ain't it funny, they say it's sunny
And come the cloud:
My inside out
Water bed

In my head
It's pleasant waiting
It's pleasant hating

They say it's fine
And then come the storm
No memory of ever feeling warm
I don't mind
The rain and such
But I miss the warm
The warm of your

You know we were wrong together
Together
Together
Together
Together
Together
