No doubt  
You're gonna be thinkin'  
I'll run out  
That's where you're so mistaken  
You take me to a High  
Of just no other kind  
I don't want anything (but you)  
I don't need anything (but you)  
I don't want anything (but you)  
I don't need anything (but you)

The size  
Just seems to get bigger  
The PRICE is, well, just go figure  
When I think way back when  
I can't go back again

I don't want anything (but you)  
I don't need anything (but you)  
I don't want anything (but you)  
I don't need anything (but you)

My half  
I thought I'd be stronger  
But my path  
T you just seems longer  
You fake me to a High  
Of just no other kind

I don't want anything (but you)  
I don't need anything (but you)  
I don't want anything (but you)  
I don't need anything (but you)

Don't want anything (but you)  
I don't need anything (but you)  
I don't want anything (but you)  
I don't need anything
