I don't think you should wait nor a minute more
'Cause she's a girl that you've been waiting for
It's funny how the noises that I'm making
Can't drown the sound of my heart breaking

Baby blue
I don't know what to do when you call to me
Baby blue
I never really knew I belonged to you

Just one brief glance was all that I needed to
Believe that you might feel what I feel for you
In the night I wake up hard breathing
No peace, you're calling to me, am I dreaming?

Baby blue
I don't know what to do when you call to me
Baby blue
I never really knew I belonged to you

No ageless trance will rush up to meet me and fade
The love will remain

Baby blue
I don't know what to do when you call to me
Baby blue
I never really knew I belonged to you

A desert rose if only I found a blue
In the night, into his room
Brush his lips and wait 'till the morning
In his eyes a new love dawning

Baby blue
I don't know what to do when you call to me
Baby blue
I never really knew I belonged to you

Baby blue
I don't know what to do when you call to me
Baby blue
I never really knew I belonged to you
