Everybody
Shake your body now
Everybody
Get on up and dance
Can you feel it?
Can you feel it?

I know you're hoping you can get with me
But if you do you're living dangerously
I know I'm ready now
So it's OK
Feel the rhythm
Every night and every day

Don't be shy
Don't be shy
Don't say goodbye
say bye,bye,bye
Let it flow
Let it flow
Then we will show
Show...

Everybody
Shake your body now
(Let it go, moving on & on & on)
Everybody
(Time for getting down)
Get on up and dance
Can you feel it?
Can you feel it?

Just getting started baby feeling hot
Think I'm playing, you know I'm not
Let's keep it going
Keep it smooth
Don't you know
You've got nothing left to lose

Don't be shy
Don't be shy

Don't say goodbye
say bye,bye,bye
Let it flow
Let it flow
Then we will show
Show...

Everybody
Shake your body now
(Let it go, moving on & on & on)
Everybody
(Time for getting down)
Get on up and dance
Can you feel it?
Can you feel it?

Everybody
(Oh yeah)
Shake your body now
(Let it go, moving on & on & on)
Everybody
(Time for getting down)
Get on up and dance
Can you feel it?
Can you feel it?
Feel it

Gotta do it
Gotta do it
Gotta do it
Gotta get down tonight

Gotta do it
Gotta do it
Gotta do it
Gotta get down tonight

Gotta do it
Gotta do it
Gotta do it
Gotta get down tonight

Gotta do it
Gotta do it
Gotta do it
Gotta get down tonight

Don't be shy
Don't say goodbye
Let it flow
Then we will show

Everybody
(Oh yeah)
Shake your body now
(Let it go, moving on & on & on)
Everybody
(Time for getting down)
Get on up and dance
Can you feel it?
Can you feel it?
Feel it

Everybody
Shake your body now
(Everybody)
Everybody (Oh)
Get on up and dance
(Come on)
Can you feel it?
Can you feel it?

Everybody
(Shake your body)
Shake your body now
Everybody (Oh)
Get on up and dance

(fade to end)
