Hey, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah  
I should've known  
I should've thought twice  
I should've listened to my own advice  
But then there was you  
You broke all the rules  
Brought to life all of my dreams  
But sometimes things ain't what they seem  
Now I know that it's true  
I learned it from you  
I gave my all, I gave my trust  
I gave my heart  
But it wasn't enough  
So listen up, before I go  
There's something I think you should know

You can fool some of the people  
Some of the time  
But you can't fool this heart of mine  
And it's sad but it's true  
I'm over you  
You can take all of your games  
And all of your lies  
But you can't take away my pride  
And it's sad but it's true  
I won't be your fool - I'm over you

Mirror, mirror on the wall  
Catch me now, before I fall  
I'm breakin' these chains  
Of heartache and pain  
Make a move, gotta break away  
The sun is shining on a brand new day  
My vision is clear  
I've cried my last tear  
I said goodbye, I'll walk away  
Don't you know  
There's a price that you gotta pay  
It's over now - and that's a fact  
'Cos this time there's no turning back

You can fool some of the people  
Some of the time  
But you can't fool this heart of mine  
And it's sad but it's true  
I'm over you  
You can take all of your games  
And all of your lies  
But you can't take away my pride  
And it's sad but it's true  
I won't be your fool - I'm over you

I gave my heart and I gave my trust  
I gave my all  
But it wasn't enough  
So listen up, before I go  
There's something I think you should know

You can fool some of the people  
Some of the time  
But you can't fool this heart of mine  
And it's sad but it's true  
I'm over you  
You can take all of your games  
And all of your lies  
But you can't take away my pride  
And it's sad but it's true  
I won't be your fool - I'm over you

You can fool some of the people  
Some of the time  
But you can't fool this heart of mine  
And it's sad but it's true  
I'm over you  
You can take all of your games  
And all of your lies  
But you can't take away my pride  
And it's sad but it's true  
I won't be your fool - I'm over you
