(Snoop)

Got a little something for the summertime  
While you on the grind  
Getting yours  
Hell yeah! I'm getting mine  
I take trips and dips just to recline  
I blaze up the orange weed  
To relax my mind  
Spend time with my kids on the weekdays  
And I holla at my momma and my  
Grandma on the threeway  
She say, If you do right  
Baby boy I promise you live  
A long life  
I can't argue  
I try hard to  
Not blast niggas  
I walk past niggas  
With my head up to the skedai(sky)  
Nigga tried to pull a fast one  
On Snoop Dogg  
To get some shut eye  
What I do to him I can't speak  
You know the episode  
And the code on the street  
I keep it all the scriffin' y'all  
But real street for y'all  
Cause you never know  
When you're gonna go, no

(Chorus)

You never know where this road's gonna take you  
Got to be strong  
You got to hold on  
Cause you never know, where  
This life's gonna lead you  
Just Hold on  
You never know

(Warren G)  
>From the killing  
The robbing  
The squabbling  
And jacking  
Car jacks to kidnaps  
What? Niggas be acting a fool  
Trying to set me up at the park  
But I'm cool  
Act a fool  
My daddy said throw them thangs  
And stay strong  
My momma got sick  
So I'ma keep it strong  
As long as I got my feet in the game  
And make this beats  
And bring heat to the game  
Fuck the fame  
I got a little boy to see through  
And him without me  
Is like me without you  
Keep it true  
And stay down for your grips  
Homies and licks staying tight  
Like this  
You never know

(Chorus)

(Phats Bossi)  
You niggas never know  
Which man are blasted for  
Never know which man to kill  
Just to settle the score  
It wasn't long ago  
I had this partner of mine  
Knew him just a short time  
But he's stuck in my mind  
My nigga lived perfect  
Said the streets wasn't worth it  
If you don't die rich in the game  
Then what's the purpose for this struggle?  
We stay piece to puzzle  
Invest half the wealth  
And pray to god it double  
We just in this  
Trying to get rich at the interest  
Keep it pimping  
Stay with niggas that's relentless  
Smoke dough  
Just because I say so

Money pronto  
And niggas never would know  
They never know nigga

(Chorus til fades)
