Hah-a-a-ah
Yea-yeah-yeah
Yeah yeah yeah yeah

[Verse 1]

I should have known
I should have thought twice
I should have listened to my own advice
But then there was you
You broke all the rules
Brought to life all of my dreams
But sometimes things ain't what they seem
Now I know that it's true
I learned it from you

[Bridge 1]

I gave my all
I gave my trust
I gave my heart but it wasn't enough
So listen up
Before I go
There's something I think you should know

[Chorus]

You can fool some of the people some of the time
But you can't fool this heart of mine
And it's sad but it's true
I'm over you
You can take all of your games and all of your lies
But you can't take away my pride
And it's sad but it's true
I won't be your fool
I'm over you

[Verse 2]

Mirror, mirror on the wall
Catch me now before I fall
(and) I'm breaking these chains
Of heartache and pain
Make a move gotta break away
The sun is shining on a brand new day
My vision is clear

I've cried my last tear

[Bridge 2]

I said goodbye

I'll walk away

Don't you know there's price that you gotta pay

It's over now

And that's a fact

'Cos this time there's no turning back

[Chorus]

You can fool some of the people some of the time

But you can't fool this heart of mine

And it's sad but it's true [Sad but it's true]

I'm over you [I'm over you]

You can take all of your games and all of your lies

But you can't take away my pride

And it's sad but it's true

I won't be your fool

I'm over you

Yea-yeah-ye-eah

[Bridge 3]

I gave my heart

I gave my trust

I gave my all but it wasn't enough

So listen up

Before I go

There's something I think you should know

[Chorus]

You can fool some of the people some of the time [Yea-yeah-yeah]

But you can't fool this heart of mine

And it's sad but it's true [Sad but it's true]

I'm over you [I'm over you]

You can take all of your games and all of your lies

[Yea-yeah-yeah]

But you can't take away my pride

And it's sad but it's true

I won't be your fool

You can fool some of the people some of the time [I'm over you]

But you can't fool this heart of mine

And it's sad but it's true [Sad but it's true]

I'm over you

You can take all of your games and all of your lies [Oh yeah, oh yeah]

[Fade out]
