love me, love me

i remember times my love
when we really had it all
you were always there to make me smile
and help me when i fall
ooh, i cant believe your leaving me
when theres so much more to say
i cant let you go
ooh, every time i look at you
i still feel the glow
let it be, let it grow

ooh, love me please
just a little bit longer
together we can make it
our love is much to young to break it
love me please
just a little bit harder
together we can make it
our love is much to young to break it

ooh, all i ever wanted
was to have you to myself
then i see you standing there
in the arms of someone else
ooh, you know a girl can stand so much
and its more than i can bear
i cant let you go
ooh, everytime i look at you
i still can feel the glow
let it be, let it grow

ooh, love me please
just a little bit longer
together we can mkae it
our love is much to young to break it
love me please
just a little bit harder
together we can make it
our love is much to young to break it

you never even try
to see things my way
its hard as a woman when love
aint no love at all
and when you walk away
you probably will
you're gonna be sorry
im begging you please

ooh, love me please
just a little bit longer
together we can mkae it
our love is much to young to break it
love me please
just a little bit harder
together we can make it
our love is much to young to break it
